My dear Sir,

Enclosed you will find a very beautiful medal in frosted silver struck in Commemoration of Queen Victoria's visit to Guild Hall in 1837. It is said to be one of the best portraits of the Queen ever struck. I ask you would notice the exquisite work on

the building & with a glass you will see a Latin inscription cut over the door.

There were only 12 of these struck when the die broke. Mr. George Peabody, the Philanthropist, manages to get this one & one time in the sixties when stopping at our house gave it to me, knowing I was collecting coins. He had had it framed in glass as you will see to prevent the silver from oxidizing, but in coming here the glass on one side broke. I have not had it replaced as there is no one here to do it & besides I did not know whether you would keep it in the case or take it out. I hope the Society will accept the

Medal with my Compliments.

Yours very truly

My dear Sir.

The Aero Club of America some time ago had struck a gold medal for presentation to the Wrights & struck off some bronze ones for members. Herein is his profiles. Reverse. a wright aeroplane in flight. Date 1905

Seje 7½ Centimeters. I wish to know if the Society has one? I have & will mail it to you if you have not.

My dear Sir:-

I enclose herewith an acknowledgment for the medals and coins, which you so kindly sent.

You were a very good prophet when you spoke in your letter the possibility of a coin of value being among the lot of Roman coins that you sent, as that is exactly what happened. There is one in the lot that is decidedly scarce, and that we are exceedingly glad to have.

Thanking you for so kindly remembering us, I am,

Very truly yours,

Director.
